Love is a precious gift to use and mold into the
soul.

Something creative and lasting that keeps
life pure and whole.

It's lifting someone's spirit and knowing that
you've tried

to touch their heart with gentleness
and understanding what's inside.

Each second of every minute is cast upon life's
screen.

The wise grasp and learn from it; some let it pass
unseen.

So cherish the memories that are truly special;
both the bitter and the sweet.

Take a bit of both of them to make your life
complete.

For each life has many pictures and all a work of
art,

But what a glorious symphony,
the people who touch our hearts
