She liked to embroidery, loved to read Harlequin Romance books and she liked to play the slot machines whether in Jackpot or on her computer. She loved her family and friends with open arms.

Opal had many different jobs over the years. She worked for Roland Jones Potatoes, drove dump truck at Triple "C" Concrete while working in the gravel pit with her husband Wayne for years. She later went to work in the laundry and kitchen at MMH. She took several college courses on nutrition and went to work for Minidoka County School district; where she finally retired at Paul Elementary School due to health issues. She enjoyed many adventurous trips with her fellow cook mates to cook conventions around the country. After Wayne passed away she remained on their small farm.

With the help of her Brother-in-law Jack, they took care of the farm until her health declined. She moved into C St Manor where she met and became friends with many wonderful people where she also enjoyed the Saturday night bingo. As her health declined further she made the decision to move into Countryside Care and Rehab in Rupert. Family would like to thank all the staff at countryside for all their loving care and support during her final days. She loved you all!
